1. Health for Humanity Yogathon Proclamation

Mayor Johannesen called forth those who requested this proclamation (a non-profit organization called

Hindu Swayamsevak Sangh (HSS)) and then read and presented them with this proclamation. Representatives from the organization then briefly spoke, sharing more details about the organization and its various philanthropic contributions.

2. Teen Dating Violence Awareness Month Proclamation

Representatives from Women in Need, the Child Advocacy Center and the Rockwall Youth Advisory Council came forth. Mayor Johannesen then read and presented this proclamation to raise awareness and encourage the eradication of teen dating violence. Representatives from each of the named organizations briefly commented.

VII. Open Forum

Mayor Johannesen explained how Open Forum is conducted. He then invited individuals who desired to speak an opportunity to come forth and do so, one at a time.

Greg Oehler
207 Tanya Drive
Rockwall, TX 75087

Mr. Oehler came forth and expressed concern about short-term rentals (STRs), specifically pointing out questions and concerns about the documentation that is included in tonight's informational meeting packet and the proposed draft ordinance. He believes that neighbors should have some input and 'say so' regarding any short-term rental applicant who might come forth to register with the City. He believes there already exists a proliferation of these types of rentals within neighborhoods, including his own. He asked for Council to consider a revisit of what is being proposed to require that short-term rental applicants be treated like "bed and breakfasts" and that the city require a Specific Use Permit be applied for, reviewed and either granted or denied by the Council. He also has concerns about the existing 'grandfathering clause.' He has concerns about three that are currently in existence near him in his own neighborhood, and he does not like the idea of being stuck with those three forever. He wants them to have to go through an SUP process as well (and essentially not be "grandfathered in").

Joy Bounds Murphy
209 Tanya Drive
Rockwall, TX 75087

Mrs. Murphy came forth and expressed concerns regarding short-term rentals (STRs). She shared that Mr. Oehler and his wife have been neighbors with her and her husband for more than forty years. She holds the same viewpoints as those expressed by Mr. Oehler. She then spoke regarding the 'sanctity of the home' and what 'home' means to the human soul (i.e. to provide rest, comfort and a restoration of the soul). She quoted from the Bible. She acknowledged that the City is up against some challenges, including legal-related issues. She indicated that a prior city council 'pushed this issue' (of short-term rentals) down the road. She implored Council to look at the neighborhoods, the people, and the relationships of people within the neighborhoods. She went on to quote a May 2023 article out of the Dallas Morning News (related to diminishing the safety and quality of a neighborhood because of how STRs essentially lead to a reduction in the number of 'true neighbors'). She went on to share about how Rockwall's current fire chief grew up right across the street from her grandmother, and she and her family were close to him and his family as they watched him grow up. The same is true of the individual who currently serves as the Rockwall County Sheriff. She pointed out that a short-term rental person is not going to be a 'true neighbor.'

Judy Dickson
205 Meadowdale Drive
Rockwall, TX 75087

Mrs. Dickson shared that she has read the material in the informational city council meeting packet, and she is concerned that the city does not plan to regulate the location of where short-term rentals (“STRs”) can operate. She observes that the city is only going to require them to register. She has concerns that every third or fourth house on any given street in a residential area could have an STR in existence. She also has concerns that there is no limit on the number of STRs that a person or company could buy up, own, and operate. She has concerns that these sorts of businesses and individuals will buy up residential properties and inhibit the ability for others to purchase and reside in these types of homes. She believes STRs are essentially running a business within a residential neighborhood. She has concerns about STRs (not) paying hotel occupancy taxes. She does not believe the proposed ordinance tonight truly addresses a lot of concerns that residents have expressed related to STRs.

Terri Nevitt
201 Becky Lane
Rockwall, TX 75087

Mrs. Nevitt came forth and thanked Councilmember Moeller for his beautiful, opening prayer. She too has concerns about STRs. Mrs. Nevitt is hesitant to charge these property owners a ‘hotel occupancy tax.’ She does not believe the requirement that STRs not be located within 250’ of each other is not sufficient. She also has concerns about the timeframe associated with STRs who do not follow registration-related rules that the city might establish. She believes that the owner should also have to serve as ‘the agent’ for the STR properties so that nearby residents can actually reach the owner. She also believes that STRs should pay a higher water rate. On a separate matter...on the ART Commission agenda item tonight regarding the “Picture This” effort – she would rather have something more permanent in place. She thinks the temporary picture frames that allow for photo opportunities are cute, but she prefers that they be something more permanent that blends in aesthetically with the surroundings.

There being no one else wishing to come forth and speak at this time, Mayor Johannesen then closed Open Forum.

VIII. Take Any Action as a Result of Executive Session

X. Action Items

1. Hear update from representative(s) of the City's ART Commission regarding status of current projects and to consider approval of future phases of the *Picture This* 'art in public places' project, and take any action necessary.

Ginger Womble, current Chair of the City's ART Commission came forth and presented an update to Council on projects the group has previously worked on as well as those that are forthcoming. She reminded Council of both the guitar-related and butterfly-related projects the Commission has undertaken. She went on to share that the Commission previously had its first 'frame' approved for the interactive "Picture This" art project, and that frame is currently located at The Harbor. The Commission is now seeking approval for three additional frames. The total project, overall and if approved, will result in having two interactive picture frames located on the North side of the city and two on the South side of the city. She went on to explain that about 100-200 metal locks are placed on the fencing alongside The Harbor (lakeside) area, and those get routinely cut off and removed by city staff each year. The frame that has already been installed at The Harbor was designed with heavy cables that essentially allow for people to put locks on the frame in lieu of putting locks on (and damaging) the fencing. This project was installed with help from the Parks Department, and the frame at The Harbor is semi-permanent (installed in the ground and made of steel). The next frame will be installed at Fox Chase to highlight the beauty of this park, including a great view of the landscape behind the photo frame. Emerald Bay Park will be the third proposed location for one of these frames, and the last (4th) frame will be installed at Harry Myers Park. Ms. Womble explained that the frames are \$7,500 each, and she shared additional details about the durability of the materials utilized and the installer. She explained that the ART Commission is asking for \$500 (on top of the cost of the additional 3 frames) to allow for the purchase of locks to be handed out only at the "dedication" event.

Following additional, brief comments Councilmember Lewis moved to approve the requested \$22,500 to fund three more picture frames and \$500 for locks for the frame dedication event, for a total of \$23,000. Councilmember Thomas seconded the motion. Councilmember Thomas commented how beneficial our city parks are to our citizens and he believes this is a fun, worthwhile project. Councilmember McCallum reminded the public that the city does have an "art fund," and money to fund these sorts of projects comes from that particular fund – not from the city's General Fund. Mayor Pro Tem Campbell sought and received brief clarification on the photo frames being 'semi-permanent.' Ms. Womble shared that they are made of steel and are dug / installed into the ground quite a ways. So, they are not permanent (won't last 1,000 years); however, it would take 'construction equipment' to have them removed someday.

The motion to approve the funding passed by a vote of 7 ayes to 0 nays.

2. Discuss and consider a status update from the Rockwall Area Chamber of Commerce regarding Hotel Occupancy Tax ("HOT") funding received and programs offered through the Convention & Visitors Bureau on behalf of the City of Rockwall.

Jodi Willard, Director of Tourism with the Chamber, came forth and updated Council on recent marketing efforts and associated events that the Chamber has been working on to help promote the City of Rockwall to visitors and encourage tourism within our city. Councilmember Thomas shared that the "Skate the Lake" event (back in Nov. through January) was phenomenal. Councilmember Lewis also thought this event was great and went very well. Councilmember Jorif indicated he attended that event and also skated. He believes it was a fun, impactful event for both young and old. He believes there are some ways the event can be improved upon, but – overall – he expressed the sentiments that The Chamber did a good job on that event. Mayor Pro Tem Campbell asked about some upcoming sporting events that are coming to Rockwall. She wonders if the Chamber is doing anything to track the hotel stays for these events. Ms.

Willard shared that they will be making efforts to better track those hotel stays. Council took no action as a result of Ms. Willard's update.

3. Discuss and consider directing staff to prepare an ordinance amending the Municipal Code of Ordinance and the Unified Development Code (UDC) to adopt regulations for *Short-Term Rentals*, and take any action necessary.

Mr. Ryan Miller, the City's Planning Director, provided background information concerning this agenda item. He explained that, back in November, Council previously asked the city attorney and staff to evaluate the issue of short-term rentals and look into the city regulating things such as - life safety, proximity requirements, city registrations / permitting, commercial insurance, and inspection requirements. He shared that, as staff and the city attorney have studied this issue, staff has studied literature obtained from the state as well as past court decisions. He shared that the state has defined STRs and has indicated, through the Tax Code, that they must pay hotel occupancy taxes. Court decisions have offered some additional clarity in that they've pointed cities towards the need to view STRs through a 'residential lens.' Staff has worked diligently to bring forth an ordinance for discussion this evening. The hope is that the content of the ordinance is representative of requirements that will not be easily challenged legally, while also addressing some of the Council's and residents' concerns.

Mr. Miller explained that the proposed ordinance, first, defines "short-term rentals," including defining various types of STRs (i.e. "owner occupied, single-family home, townhome or duplex, a non-owner occupied Single family home, townhome or duplex; a STR that is an apartment or condominium). Mr. Miller briefed the Council on each of these proposed definitions within the draft ordinance.

Mr. Miller shared that the city will need to modify, not only the city's Unified Development Code (UDC), but also the city's municipal Code of Ordinances. He went on to share proposed modifications to the city's "Permissible Use Chart" within the UDC and also a proposed "STR proximity map" (i.e. the draft language essentially states that STRs cannot be located closer than 250' from each other). However, he pointed out that 250' is just a 'place holder' for now, explaining that staff would like Council's feedback in this regard. He also explained that the city would be requiring that these STRs both register with the city and be permitted. He briefly explained that applying proximity requirements to apartments and townhomes/condos can be challenging. He shared that the 'responsible party' for STRs has to be someone located within Rockwall County and that they essentially have to be readily (and quickly) available to address any immediate concerns associated with a particular STR. **FILL IN** In conjunction with the proposed ordinance, staff has also created a permit application and registration form that shows the information that would be collected as part of the program. Based on the proposed ordinance, a \$500.00 application fee would be required to register a STR, and the registration and permit, once approved and issued, would be valid for a period of three (3) years. The language also creates General Standards for Short-Term Rentals that include requirements associated with things such as advertising, parking, temporary structures, trash, signage, life safety requirements, conduct on premises, tenant notification requirements, and payment of hotel occupancy tax. The applicant of a Short-Term Rental Permit would be required to self-certify current and continued compliance with these requirements. The proposed ordinance establishes enforcement and penalty procedures for Short-Term Rentals. Specifically, the ordinance establishes specific violations and a penalty that can range from \$250.00 to \$500.00 per violation. In addition, if a STR accrues three (3) violations in any consecutive six (6) month period, the Short-Term Rental Permit and Registration for the STR can be revoked, and the property owner would be prohibited from reapplying for a new Short-Term Rental Permit and Registration for a period of six (6) months. Staff noted that many of the cities surveyed

have created similar requirements; however, many of these cities use a 12-month penalty for reapplication. In this case, it is believed that a six (6) month penalty would likely be sufficient. The proposed ordinance also requires a “Responsible Party” as part of the Short-Term Rental Permit and Registration. A Responsible Party is a “...local representative that resides in Rockwall County and who is available at all time the rental is in use.” The purpose of this requirement is to discourage absentee ownership, and ensure there is a point of contact that is local and can quickly address and remedy any issues or violations associated with a particular STR during its rental. Mr. Miller explained that this type of requirement was contained in almost every city ordinance staff reviewed. The proposed ordinance creates an appeal process for administrative decisions made by staff. Since this would be an appeal to an administrative decision, the ordinance requires that all appeals be heard by the city’s Board of Adjustments (BOA) in accordance with existing procedures and state law. The proposed ordinance also establishes Non-Conforming Rights for properties that are able to prove they have been operating as a Short-Term Rental prior to the adoption of the proposed ordinance. This includes exemptions to certain zoning requirements (i.e. the proximity requirements and the permissible use zoning districts would not be able to be applied to STRs already currently in existence at the time of ordinance adoption). With this being said, under the proposed program these existing STR’s would still be required to register and apply for a permit through the proposed program by a specified date (in other words, there would essentially be a ‘grace period’ after the ordinance is adopted). Mr. Miller’s informational memo provided in the meeting packet touched on the following points:

SHORT-TERM RENTAL (STR) PERMIT AND REGISTRATION.

- A form that includes [1] ownership information, [2] *Responsible Party* information, [3] site plan, [4] pictures of the property, [5] self-certification of compliance, and [6] acknowledgement of the receipt of the STR code.
- The permit and registration fee is \$500.00.
- The permit shall be valid for a period of 3 years and be required to be renewed 30-days prior to expiration.

If 3 violations occur in any consecutive 6 month period or where a property owner fails to correct a violation within a specified time period a *STR Permit* may be revoked and the property owner shall not be able to reapply for another *STR Permit* for a period of 6 months.

Permanent Revocation. If an *STR Permit* is revoked 2 times due to violation the Building Official or Planning Director may permanently revoke the ability for the property owner to apply for an *STR Permit*.

- **Appeals.** If the City denies the issuance or renewal of a *STR Permit* or revokes or suspends a *STR Permit* the property owner may appeal the decision to the Board of Adjustments (BOA).

NON-CONFORMING RIGHTS

STR's shall be considered to be legally nonconforming if they register for a *STR Permit* during the grace period. To prove that an STR was legally in existence prior to the proposed change the property owner shall be required to provide: [1] a property deed or proof of ownership, *and* [2] proof that the property was used as a STR (i.e. *listing, proof of rental, etc.*) *OR* proof of payment of hotel occupancy tax to the City of Rockwall.

AMENDMENT PROCESS

Since the proposed amendment will require both the Unified Development Code (UDC) and Municipal Code of Ordinances to be amended, if the City Council directs staff to move forward, the following will be the schedule for the text amendments:

- Planning and Zoning Commission Work Session: February 27, 2024
- Planning and Zoning Commission Public Hearing: March 12, 2024
- City Council Public Hearing/1st Reading: March 18, 2024
- City Council 2nd Reading: April 1, 2024

GRACE PERIOD

Once the 2nd Reading of the ordinance takes place the City would begin the grace period for taking applications for existing STR's. Once this grace period expires, then the City would begin taking applications for new STR's.

Mr. Miller shared that public hearings would have to occur at both the city's Planning & Zoning Commission meetings and at a City Council meeting, plus two readings of any ordinance before an ordinance could be approved.

City Attorney Frank Garza briefly spoke, stating that the courts have been very consistent in conveying that that STRs are residential in nature, and – although some have argued to the courts that they should be treated as 'bed and breakfasts' – the Courts have consistently insisted that they are considered 'residential.' He spoke about the definition in the Tax Code for 'short-term rentals,' explaining that the definition ties to the requirement that STRs pay hotel occupancy taxes. He shared that Texas and Texas courts are very sensitive to property rights, and certain 'vested rights' exist on properties. Mr. Garza shared that any distance requirements that the Council may wish to adopt cannot apply to STRs that are already in existence within the city at this time. He also pointed out that a state representative from Richmond, TX has vowed that he will again be proposing a bill to the TX State Legislature that will essentially prohibit cities from regulating STRs at all. He cautioned that if that sort of bill does end up passing in a future legislative session, cities in Texas will no longer have an ability to regulate STRS.

Councilmember Moeller asked if the city can require STR owners to carry commercial (or additional) insurance. Mr. Garza shared that, yes, he has found that some cities do require additional insurance on these sorts of properties. Mr. Moeller shared that about half of the existing STRs in our city have not paid Hotel Occupancy Taxes (HOT) in years. He wonders if the city can withhold permitting any existing STRs who have not paid HOT taxes to the state and city in a number of years or, in some cases, ever. Mr. Garza shared that there is an avenue that the city can take to try and collect on HOT taxes that have not previously been paid by STRs. Mr. Garza stated that he will need to research to determine if a city can withhold 'vested rights' in the event that an STR has not previously paid HOT taxes due (and/or back-owed) to the City. Councilmember Moeller encouraged the city attorney to look into this possibility because this topic could possibly eliminate half of the existing STRs in the city.

Councilmember Thomas thanked staff and the attorney for the work put into these efforts. He is in favor of increasing violation penalties from \$500 up to \$1,000 and pushing the 6 month revocation period to 12 months instead. He then asked several clarifying questions. He wonders if the city can apply some sort of 'violation' if the designated 'responsible party' fails to respond to the city reaching out asking that issues such as trash, high grass or other violations be addressed. He also wonders if an STR owner has more than one property in existence in the city, and one or more of those properties has un-addressed issues, can the city look at the owner and his/her properties (and associated compliance) as a whole. Mr. Garza indicated he will need to research this particular aspect.

Councilmember Jorif asked a series of clarifying questions regarding contact information for STRs, the

proposed three-year \$500 permit fee. He wonders why the city would not make it a \$500 *per year* permit-related fee. He also wonders how potential implementation will transpire if/when the Council puts an ordinance in place and starts requiring registrations. Mr. Miller shared that a 60-90 day grace period will likely be needed so that the city has time to advertise new regulations and heavily advertise that these new requirements have been implemented and they need to come to the city and apply for registration and permitting.

Councilmember McCallum agreed that a three-year registration is too long. He believes that moving it to a two-year registration is better. He wants the proximity requirement be changed from 250' to 500' instead. "Self-certification" means that the city would be relying on the applicants to attest that they meet all of the city's requirements. Mr. Miller shared that, yes, because if the city then discovers the applicant has not been honest, it can be considered fraudulent information and the city can take appropriate revocation action. Councilman McCallum thinks that the city should require additional insurance as well. Also, if someone gets a permit and then does not pay their HOT taxes, can non-payment of taxes then lead to revoking their permit. Mrs. Smith pointed out that payment of taxes is on 'the honor system' on the part of STR owners; so there is really no true way to know if they've not been paying. McCallum wants to know how the city will handle an STR owner not coming forth to proactively register and apply for a permit. Mr. Garza shared that, in a case like that, the city can move forward and revoke the property owner's ability to continue utilizing the property as an STR. Mr. Garza shared that this caveat can be added to the proposed ordinance.

Councilmember Lewis requested that the penalty of violation of the ordinance be increased from \$250 up to \$500 for the 'minimum.' Lewis also shared that he would like to see a two-year registration and permit be required (with \$500 being owed every two-year period (instead of every three years)).

Mayor Pro Tem Campbell would like to look into what can be done for the city to try and collect on past and current HOT taxes owed to the city. She also agrees with a 500' proximity requirement (in lieu of the proposed 250'). She also supports a two-year \$500 registration and permit requirement (rather than once every three years).

Mayor Johannesen asked for and received clarification regarding requiring STRs to carry additional insurance. Johannesen also sought and received clarification regarding an STR's "responsible party" to respond within one hour of the city reaching out to them to ask that an issue or concern be addressed. Mr. Miller shared that a one-hour requirement would hopefully mean that things like noise-related concerns would be addressed very quickly.

To summarize, Mr. Miller expressed his understanding that staff and the city attorney will work to modify things within the proposed ordinance, including the following:

- 500' buffer as far as proximity
- A 12 month revocation period for 3 violations
- Additional commercial insurance
- Clear up of inspections-related language
- HOT non-payment possibly resulting in revocation kicking in
- A two-year \$500 registration / permit requirement
- A \$500 minimum fine for violations

Indication was given that the City Attorney will right away begin researching answers to some of the

questions posed this evening. Mrs. Smith, City Manager, pointed out that there will be one additional city council meeting – Tues., February 20 – before this issue would then go before the city’s Planning & Zoning Commission at a work session on February 27.

Councilmember McCallum shared that he had a recent, ‘frank’ conversation with Senator Hall. He asked specifically how Senator Hall feels about STRs. McCallum shared that Senator Hall very clearly indicated that he will stand with property rights. Councilmember McCallum went on to encourage local citizens to ask tough questions of their state, elected officials regarding issues that are ‘close to home.’ Councilmember McCallum pointed out that the State legislature loves to limit what municipalities can do to regulate things within their own cities. He strongly encouraged local citizens to ask hard answers of state elected officials and expect and insist on receiving very frank answers in return.

Following the lengthy discussion, Council took no formal action regarding this agenda item at this time.

4. Hear presentation from representatives of Total Wine & More, Inc. related to possible Local Option Election for November 2024.

Edward Cooper
“Government Relations” at Total Wine & More
6600 Rockledge Drive
Bethesda, MD 20817

Mr. Cooper came forth and shared that his business has undertaken two attempts at a local petition related to trying to get a ballot proposition before voters. He explained that the company is currently evaluating its potential ‘next steps’ in this regard. He shared that Total Wine is an American, family-based owned and operated company. He went on to share that it currently has 264 stores operating in 28 states. Each store employees 50-75 highly trained employees who are local hires, keeping revenue in the locality in which these stores are located. Seventy-five percent of these team members are full-time and have full benefits (health and dental insurance with benefits such as paid time off for vacations and sick leave and a 401k retirement plan). He went on to share that they occupy locations that are between 25,000 – 30,000 square feet in size, and they offer a best-in-class, wide selection of wines, spirits (liquor) and beers. He believes they provide unparalleled customer experiences to their patrons. He shared that each store features hundreds of local and state-specific products, which are all identified by shelf tags with, for example - here in Texas - a Texas state flag. He stressed that Total Wine only sells to those who are twenty-one years of age and older, and the company is a leader in the area of prevention of alcohol beverage sales to minors. He explained that no one under the age of 21 is permitted to even be in the store without being accompanied by someone who is 21 years of age or older. He shared that this requirement is strictly enforced. He went on to share the various ways in which Total Wine and More is philanthropic and how it focuses on ‘giving back’ to the community it serves / the community in which each store is located. He pointed out that residents currently living in the City of Rockwall are currently shopping for beer, wine and spirits in adjacent municipalities such as Dallas, Rowlett and Fate. He pointed out that a good number of patrons shopping at other Total Wine Stores, such as in Plano or Dallas, have asked for Total Wine to consider establishing a store here in Rockwall. So, his company desires to be responsive to its customers. Mr. Cooper pointed out that tax revenue is currently escaping the City of Rockwall, so a Total Wine location becoming established in the City of Rockwall will result in increased tax revenue for the city. Mr. Cooper shared that Total Wine is a ‘destination’ type store, rather than a day-to-day type store. Their stores draw many folks from outside of the city in which a Total Wine & More store is actually located, and – while they are at the Total Wine Store shopping – patrons also end up going to other, nearby businesses to shop and spend money as well (also resulting in additional tax revenue to the city).

Mayor Johannesen shared that he thinks Mr. Cooper's store is fine, but having one of these types of stores is way down on the city's priority list. However, he is sympathetic to Mr. Cooper's attempts to try and get on the ballot.

Mayor Pro Tem Campbell expressed concerns about – if voters 'vote this in,' doing so would allow for not only Total Wine & More stores, but it would also allow for other (liquor) stores to be able to operate within the city too.

Councilmember Lewis shared that he believes Total Wine & More is a great company, and it is very philanthropic. However, there are other liquor stores that would invariably come as well. He believes some of them are not so desirable, and that is a huge concern of his.

Councilmember Jorif asked for clarification on how many times his company has attempted to get on the ballot. Mr. Cooper shared that they have attempted two times, but they failed both times. Councilmember Jorif expressed that he believes two failures is representative of the disinterest our citizens have regarding his petition attempts. Mr. Cooper respectfully shared that his company is considering attempting one more time. Councilmember Lewis shared that attempting a third time would certainly be within his and his company's rights to do so. Mayor Johannesen stressed that they do have a right to allow a democratic process to play out.

Mr. Cooper thanked the city council for its time this evening. Council took no action as a result of Mr. Cooper's presentation and the brief dialogue that ensued.

5. Discuss and consider directing staff to proceed with an initiative to abandon certain unimproved or underutilized rights-of-way, and take any action necessary.

Planning Director, Ryan Miller, shared that about eighty unimproved and/or underutilized rights-of-ways exist in the city that provide little to no public benefit. He went on to explain that staff is asking Council to consider the city proactively releasing these pieces of land and giving them back to adjacent property owners. This would relieve the city of costs associated with maintaining them and would also put the pieces of land back on the city's tax role. He explained that the TX Municipal Code allows for a city to take this sort of action. He explained that, one-by-one, staff would have to work with the property owners to find out if they're interested in acquiring the land. After written consent has been obtained from the adjacent property owners, staff will engage a surveyor to prepare a subdivision plat, legal description, and any other necessary exhibits for the area to be abandoned. Staff would prepare an ordinance and quitclaim (if necessary) for the abandonment. The Texas Local Government Code requires that cities abandon public rights-of-way by ordinance. A public hearing would be required to be advertised and held by the City Council when considering the adoption of an ordinance for a right-of-way abandonment. Both the subdivision plat and ordinance would be considered simultaneously. After the City Council approves the subdivision plat, adopts the ordinance, all property owners have signed the subdivision plat, and the Mayor or City Manager have signed a quitclaim, the subdivision plat and quitclaim will be filed with Rockwall County.

After Councilmember McCallum moved to direct staff to write an ordinance to abandon these rights-of-ways. Councilmember Moeller seconded the motion. Following brief clarification, the motion passed by a vote of 7 ayes to 0 nays.

SUBJECT: Parking Restrictions for Fit Sport Life Boulevard

Recently, City staff has observed semi-trucks and trailers parking overnight along Fit Sport Life Boulevard as opposed to parking in the adjacent *Love's Truck Stop's* overnight parking lot. This has created visibility, circulation, and parking issues for the patrons of the new Amerisports Facility, which is currently the only business along this dead-end roadway. On more than one occasion, a semi-truck or trailer has been unable to maneuver this street due to other vehicles being parked along both sides of the street, and has required employees of the business to direct traffic to assist in getting the semi-truck to Corporate Crossing. To remedy this issue and prevent future issues, staff is proposing to amend Section 26-505, *Prohibited in Specific Places*, of Article VII, *Stopping, Standing, or Parking*, of Chapter 26, *Motor Vehicles & Traffic*, of the Municipal Code of Ordinances to prohibit semi-trucks and trailers from parking along this dead-end street. For the City Council's consideration, attached to this memorandum is a draft ordinance that would make this change. Should the City Council have any questions concerning the proposed amendment staff will be available at the February 20, 2024 City Council meeting.

CITY OF ROCKWALL, TEXAS MEMORANDUM

TO: Mary Smith, City Manager

FROM: Travis E. Sales, Director Parks, Recreation and Animal Services

DATE: February 20, 2024

SUBJECT: Grounds Maintenance Services Contract Extension

The current small contract for grounds and landscape maintenance services provides for mowing, weed eating, trimming and debris removal at City facilities, parks, street medians, ROW and thoroughfares. Maintenance includes but is not limited to all trees, shrubs, ground cover, beds, turf, mulch and application of some herbicides and insecticides. These contracts provide for an annual extension at end of the initial contract period for up to three consecutive years should the scope of work and contracted bid conditions remain the same; and both parties agree to the extension. Staff has determined that it is in the best interest of the City to renew these contracts this year as the Contractors have performed satisfactorily over the last 12 months.

Small Contract

The small service contract (mostly tractor mowing) was granted an annual extension by city council in March 2023 awarded to SRH Landscapes LLC. The current contract price is \$97,062.65.

SRH has agreed to the contract renewal and asked for a 4.0% price increase in relation to an increase in cost of labor/equipment and materials/supplies. The 2024 contract renewal total including the 4.0% increase would be \$100,945.16. A 5% increase was already in the 2023-2024 budget to be prepared for an increase request in the 2024 renewal cycle. This is the final renewal and in 2025 this contract will be scheduled for a re-bid.

Staff asks City Council to consider authorizing the City Manager to execute this contract extension for a period of one year for the new 2024-projected cost.

February 2, 2024

Dear Mr. Pullen,

Naturally, business costs rise every year, which causes lawn care prices to also increase. With the recent labor shortage, the cost of doing business has spiked. SUBJECT: VT SCADA Software

Supervisory Control and Data Acquisition (SCADA) system is used to monitor and automate the control processes of the City's water and sewer system. This system gathers and analyzes data in real-time to allow staff to control the City's utilities 24-hours a day.

The VT SCADA software program is being proposed to replace the outdated SCADA system and will provide improved internet security. The current antiquated system operates from four (4) different programs from separate vendors, which often don't work cohesively and do cause significant communication problems. VT SCADA is a singularly installed program with one (1) license that performs all the functions of the four (4) separately licensed software programs. The software and server upgrade were adopted as part of the 2023-2024 approved budget.

Staff is requesting the City Council consider authorizing the City Manager to initiate the contract with Phasetec Electric, Inc. in the amount of \$83,116.09.00 to be funded out of the Water and Sewer Fund.

MEMORANDUM

TO: Mayor and City Council Members
FROM: Misty Farris, Purchasing Agent
DATE: February 20, 2024
SUBJECT: Emergency Valve Replacements at Heath Pump Station

Heath Pump Station requires six 16" gate valves to be replaced due to the valves not being operational. The valves were installed in the early 1960s. Valves 1 and 3 are non-operational, meaning they won't open or close. With the valves non-operational, the pumps cannot be pulled for required maintenance, before the high-water usage demand season. Pump #3 is currently out of operation due to upper bearing failure. Valves #2,4,5 and 6 are leaking on the packing glands and gaskets. This causes the integrity of the piping to deteriorate and the soil beneath to be unstable.

For Council's consideration is the approval of this emergency repair and authorizing the City Manager to execute payment to Axis Construction in the amount of \$ 255,610.00.

APPLICANT: Meredith Joyce; *Michael Joyce Properties*

CASE NUMBER: P2024-001; *Final Plat for Phase 1 of the Peachtree Meadows Subdivision*

SUMMARY

Consider a request by Meredith Joyce of Michael Joyce Properties on behalf of John Vick of Qualico Development, Inc. for the approval of a Final Plat for Phase 1 of the Peachtree Meadows Subdivision consisting of 148 single-family residential lots on a 45.95-acre tract of land identified as Tract 5 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 101 (PD-101) [*Ordinance No. 23-11*] for Single-Family 10 (SF-10) District land uses, generally located on the southside of Mims Road west of the intersection of Mims Road and National Drive, and take any action necessary.

PLAT INFORMATION

- ☑ Purpose. The applicant is requesting the approval of a Final Plat for a 45.95-acre tract of land (*i.e. Tract 5 of the J. R. Johnson Survey, Abstract No. 128*) for the purpose of establishing Phase 1 of the Peachtree Meadows Subdivision, which will consist of 148 single-family residential lots and four (4) open space lots (*i.e. Lots 1-6, Block A; Lots 7 & 8, Block B; Lots 8-11, Block C; Lots 11-15, Block E; Lots 15-25, Block G; Lots 1-21, Block H; Lots 1-43, Block I; Lots 1-28, Block J; Lots 1-21; Block K; Lots 1-12, Block L, Peachtree Meadows Phase 1 Subdivision*). Staff should note that the applicant has concurrently submitted a PD Site Plan [*Case No. SP2024-001*] in accordance with the procedures contained within the Planned Development District Ordinance.
- ☑ Background. The subject property was annexed by the City Council on December 20, 1999 through the adoption of *Ordinance No. 99-33*. At the time of annexation, the subject property was zoned Agricultural (AG) District. On March 6, 2023, the City Council approved a zoning case [*Case No. Z2023-003*] that changed the zoning designation of the subject property from an Agricultural (AG) District to Planned Development District 101 (PD-101) [*Ordinance No. 23-11*] for Single-Family 10 (SF-10) District land uses. On July 17, 2023, the City Council approved a master plat [*Case No. P2023-016*] and a preliminary plat [*Case No. P2023-017*] that establish the phasing and preliminary lot layout for the residential subdivision. On November 6, 2023, the City Council approved an *Alternative Tree Mitigation Settlement Agreement* [*Case No. MIS2023-016*].
- ☑ Parks Board. On February 6, 2024, the Parks and Recreation Board reviewed the Final Plat and made the following recommendations concerning the proposed subdivision:
 - (1) The property owner shall pay *Pro-Rata Equipment* fees of \$46,969.28 (*i.e. \$317.36 x 148 Lots*).
 - (2) The property owner shall pay *Cash in Lieu of Land* fees of \$50,047.68 (*i.e. \$338.16 x 148 Lots*).
- ☑ Conformance to the Subdivision Ordinance. The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for plats as stipulated by the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications, submittal requirements, and conformance to the items listed in the Conditions of Approval section of this case memo.

Conditions of Approval. Conditional approval of this Final Plat by the City Council shall constitute approval subject to the conditions stipulated in the Conditions of Approval section below.

CONDITIONS OF APPROVAL

If City Council chooses to approve of a Final Plat for Phase 1 of the Peachtree Meadows Subdivision, staff would propose the following conditions of approval:

- (1) All technical comments from City Staff (*i.e. Engineering, Planning and Fire Department*) shall be addressed prior to release of the civil engineering plans; and,
- (2) The development shall adhere to the Parks and Recreation Department's recommendations as outlined above in this case memo; and,
- (3) Any construction resulting from the approval of this Final Plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On February 13, 2024, the Planning and Zoning approved a motion to recommend approval of the Final Plat by a vote of 5-0, with Commissioners Hustings and Thompson absent.

PLAT INFORMATION

- Purpose. The applicant is requesting the approval of a Final Plat for a 0.2410-acre tract of land (*i.e. Lot 5, Block F, Sanger Addition*) for the purpose of establishing two (2) residential lots (*i.e. Lots 1 & 2, Block A, Cruse Addition*) on the subject property.
- Background. The subject property was originally annexed into the City of Rockwall on June 20, 1959 by *Ordinance No. 59-02* [*i.e. Case No. A1959-002*]. According to the January 3, 1972 *Historic Zoning Maps*, the subject property was zoned Single-Family 2 (SF-2) District. Sometime between January 3, 1972 and May 16, 1983, the subject property was rezoned to a Single-Family 10 (SF-10) District. On November 6, 2006, the City Council approved *Ordinance No. 06-46* [*i.e. Case No. Z2006-021*] to rezone the subject property from a Single-Family 10 (SF-10) District to Planned Development District 12 (PD-12). The subject property has remained vacant and zoned Planned Development District 12 (PD-12).
- Parks and Recreation Board. On February 6, 2024, the Parks and Recreation Board reviewed the Final Plat and made the following recommendations concerning the proposed subdivision:
 - (1) The property owner shall pay *Pro-Rata Equipment Fees* of \$704.82 (*i.e. \$704.82 x 1 Lot*).
 - (2) The property owner shall pay *Cash-In-Lieu of Land Fees* of \$751.00 (*i.e. \$751.00 x 1 Lot*).
- Conformance to the Subdivision Ordinance. The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for plats as stipulated by the Chapter 38, Subdivisions, of the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.
- Conditional Approval. Conditional approval of this Final Plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.
- With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

CONDITIONS OF APPROVAL

If City Council chooses to approve of the Final Plat for *Lots 1 & 2, Block A, Cruse Addition* staff would propose the following conditions of approval:

- (1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this Final Plat; and,
- (2) Any construction resulting from the approval of this Final Plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

TO: Mayor and City Council

DATE: February 20, 2024

APPLICANT: Chuck Lamping; *Engineering Concepts and Design, LP*

CASE NUMBER: P2024-003; *Preliminary Plat for Phase 2 of the Terracina Estates Subdivision*

SUMMARY

Consider a request by Chuck Lamping of Engineering Concepts & Design, LP on behalf of Clint Vincent of Bloomfield Homes, LP for the approval of a Preliminary Plat for Phase 2 of the Terracina Estates Subdivision consisting of 94 single-family residential lots on a 31.331-acre tract of land identified as Tract 16 of the J. A. Ramsey Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 82 (PD-82) [*Ordinance No. 18-08*] for Single-Family 10 (SF-10) District land uses, generally located at the terminus of Guadalupe Drive, Mesa Verde Drive and Oakcrest Drive, and take any action necessary.

PLAT INFORMATION

- Purpose. The purpose of the applicant's request is to Preliminary Plat a 31.331-acre parcel of land (i.e. *Tract 16 of the J. A. Ramsey Survey, Abstract No. 186*) to show the future establishment of 94 single-family residential lots and two (2) open space lots (i.e. *Lots 15-25, Block D; Lot 1, Block F; Lots 1-6, Block G; Lots 1-27, Block H; Lots 1-30, Block J; Lots 1-20, Block K, Terracina Estates Phase 2 Subdivision*). The proposed Preliminary Plat also lays out the necessary easements (e.g. *fire lane, public access/right-of-way, utilities, and drainage*) for the future development of the residential subdivision.
- Background. The subject property was annexed on July 21, 1997 by *Ordinance No. 97-14*. On June 20, 2016, the City Council approved a request to rezone an 81.49-acre portion of the subject property from an Agricultural (AG) District to Planned Development District 82 (PD-82) [*Ordinance No. 16-43*] for a single-family residential subdivision that would consist of 204 single-family lots [*Case No. Z2016-013*]. On September 15, 2017, the owner of the subject property requested to amend Planned Development District 82 (PD-82) to incorporate an additional 59.065-acre tract of land into the existing 81.49-acre tract of land, creating a 140.55-acre subdivision. This request was denied by the City Council on November 6, 2017 [*Case No. Z2017-046*]. On November 28, 2017, the Planning and Zoning Commission approved a consideration of substantial change allowing the applicant to resubmit a zoning application. The new request proposed the incorporation of an additional 39.00-acres of open space (i.e. *the antenna tower park*), providing larger lots, and adding an additional 2.24-acre private park. This new request also changed the overall density of the development reducing it from 2.5 units per acre to 1.5 units per acre. On January 2, 2018, the City Council approved the amendment to Planned Development District 82 (PD-82) [*Ordinance No. 18-08; Case No. Z2017-063*]. The final Planned Development District consisted of 179,831-acres and 352 single-family residential lots. The following is a summary of the lot composition and density and dimensional standards contained within Planned Development District 82 (PD-82):

TABLE 1: LOT COMPOSITION

Lot Type	Minimum Lot Size (FT)	Minimum Lot Size (SF)	Maximum Dwelling Units (#)	Dwelling Units (%)
A	65' x 125'	8,125 SF	296	84.09%
B	80' x 125'	10,000 SF	46	13.06%
C	80' x 125'	25,000 SF	10	2.85%
<i>Maximum Permitted Units:</i>			352	100%

TABLE 2: LOT DIMENSIONAL REQUIREMENTS

Lot Type (see Concept Plan) ▶	A	B	C
Minimum Lot Width ^{(1) & (5)}	65'	80'	80'

Minimum Area/Dwelling Unit (SF)	1,800 SF	2,000 SF	2,000 SF
Maximum Lot Coverage	65%	65%	65%

General Notes:

- 1: The minimum lot width shall be measured at the *Front Yard Building Setback*.
- 2: The location of the *Front Yard Building Setback* as measured from the front property line.
- 3: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single-family home.
- 4: As measured from the rear yard property line.
- 5: Lots fronting onto a curvilinear street, cul-de-sac or eyebrow may have the lot width reduced by up to 20% as measured at the front property line provided that the lot width is met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows maybe reduced by up to ten (10%) percent, but shall meet the minimum lot size for each lot type.

- Parks Board. Per the zoning ordinance for Planned Development District 82 (PD-82) [*Ordinance No. 18-08*], Phase 1 & 2 were not required to pay pro-rata equipment fees or cash-in-lieu of land fees. In lieu of these fees, the development was to incorporate a nine (9) acre, fully amenitized public park that is to maintained by the Homeowner’s Association (HOA). The Parks Board reviewed the proposed development on February 6, 2024 and recommended approval by a vote of 6-0 (*with Board Member Fowler absent*).
- Conformance to the Subdivision Ordinance. The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for plats as stipulated by the Chapter 38, Subdivisions, of the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.
- Conditional Approval. Conditional approval of this Preliminary Plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

CONDITIONS OF APPROVAL

If City Council chooses to approve of the Preliminary Plat for Phase 2 of the Terracina Estates Subdivision staff would propose the following conditions of approval:

- (1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this Preliminary Plat; and,
- (2) Any construction resulting from the approval of this Preliminary Plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Mayor and City Council
CC: Mary Smith, *City Manager*
Joey Boyd, *Assistant City Manager*
FROM: Ryan Miller, *Director of Planning and Zoning*
DATE: February 20, 2024
SUBJECT: Z2024-001; *Amendment to Planned Development District 2 (PD-2)*

On June 5, 2023, the City Council directed staff to begin the process of initiating zoning to amend the City's older Planned Development (PD) Districts in order to prepare consolidating ordinances (*i.e. writing one [1] ordinance that supersedes all previous ordinances for the Planned Development District*). The purpose of this effort is to [1] make zoning easier to understand for the City's external customers (*i.e. developers, homebuilders, and citizens*), and [2] to make the zoning ordinances easier to interpret internally by City staff; however, the proposed consolidating ordinances are not intended to change any of the requirements, concept plans, or development standards stipulated for any Planned Development (PD) District. This was successfully done recently to the Planned Development (PD) Districts for the Chandler's Landing Subdivision (*i.e. Planned Development District 8 [PD-8]*) and the Shores Subdivision (*i.e. Planned Development District 3 [PD-3]*).

Planned Development District 2 (PD-2) -- *also known as the Lakeside Village and Turtle Cove Subdivisions* -- was originally adopted prior to 1972, and currently consists of 56 pages of regulations within 11 regulating ordinances. The proposed draft ordinance consolidates these regulating ordinances, resolutions, and development cases into a single document (*see the attached list of development cases for the Planned Development District*). Staff should note that under the proposed amendment, staff is required to initiate zoning; however, the proposed consolidating ordinance will not change any of the requirements, concept plans, or development standards stipulated for any property in the Lakeside Village or Turtle Cove Subdivisions. This being a zoning case, staff sent out 944 notices to all property owners and occupants of the Lakeside Village and Turtle Cove Subdivisions and within 500-feet of these subdivisions. In addition, staff notified the Lakeside Village, Turtle Cove, and Lago Vista Homeowner's Associations (HOA's), which were the only HOA's within 1,500-feet of the subject property. Included within the notice was a link to the City's website -- *which had all of the zoning documents (i.e. the old Planned Development District 2 [PD-2] ordinances and the proposed draft ordinance) associated with the case* --, and included with the notice was a letter explaining the purpose of the zoning amendment. To date, staff has received seven (7) notices from seven (7) property owners, five (5) of which were in favor of the proposed amendment and two (2) of which were opposed to the proposed amendment. Staff has included all of these responses in the attached packet.

To assist the Planning and Zoning Commission in understanding this zoning change, staff has included a copy of the current ordinances that make up Planned Development District 2 (PD-2) and staff's proposed draft ordinance for comparison purposes. In accordance with the requirements of the Unified Development Code (UDC), staff brought the proposed zoning amendment to the Planning and Zoning Commission. On February 13, 2024, the Planning and Zoning Commission approved a motion to recommend approval of the case by a vote of 5-0, with Commissioners Hustings and Thompson absent. Should the City Council have any questions, staff will be available at the February 20, 2024 City Council meeting.

Rockwall, Texas 75087

SUBJECT: Case No. Z2024-001; Amendment to Planned Development District 2 (PD-2)

Property Owners and/or Residents of the Lakeside Village and Turtle Cove Subdivisions,

The City of Rockwall has initiated an amendment to Planned Development District 2 (PD-2) for the purpose of consolidating the regulating ordinances contained within this Planned Development District. Currently, Planned Development District 2 (PD-2) -- *which currently regulates the Lakeside Village and Turtle Cove Subdivisions* -- consists of over 56 pages of regulations within 11 regulating ordinances, and over 50 development cases. The proposed amendment does not change the land uses, development requirements, or the concept plans associated with these ordinances. The proposed amendment will, however, consolidate these ordinances, resolutions, and development cases into a single Planned Development District ordinance. The purpose of making this change is to make the document easier to read and understand for residents and contractors looking to do work in these Subdivisions.

WHY AM I GETTING THIS NOTICE?

The Local Government Code for the State of Texas requires notices to be sent to all property owners and occupants effected by a zoning change. The City of Rockwall establishes a 500-foot notification buffer around the subject property as the notice areas. This means that you are receiving this notice because you either live within the Lakeside Village or Turtle Cove Subdivisions or within 500-feet of their boundaries. The attached map is a visual representation of the subject property (*i.e. the Lakeside Village and Turtle Cove Subdivisions*) and the 500-foot notification buffer surrounding the zoning area.

DOES THIS CHANGE MY PROPERTY'S ZONING?

NO. The proposed amendment to Planned Development District 2 (PD-2) will not change your zoning or any development requirements associated with your property or any other properties located within the Lakeside Village or Turtle Cove Subdivisions. It will only make it easier to find the development requirements associated with property for property owners, contractors, and city staff. Any property that is located within the 500-foot notification area -- *but is not situated within these Subdivisions* -- will not be affected by the proposed zoning change.

WHEN CAN I LEARN MORE ABOUT THIS AMENDMENT?

The Planning and Zoning Commission will hold a **PUBLIC HEARING** on Tuesday, February 13, 2024 at 6:00 PM, and the City Council will hold a **Public Hearing** on Tuesday, February 20, 2024 at 6:00 PM. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. Should a resident wish to attend these meetings they will be open to the public. In addition, all meetings will be available to be streamed live and via recording after the meeting through the City's website (*i.e. www.rockwall.com*). If you have specific questions about the amendment you can contact the Rockwall Planning and Zoning Department at (972) 772-6441 or email planning@rockwall.com.

Ryan Miller, AICP

TO: Mayor and City Council
DATE: February 20, 2024
APPLICANT: Javier Silva; *JMS Custom Homes, LLC*
CASE NUMBER: Z2024-002; *Specific Use Permit (SUP) for a Guest Quarters/Secondary Living Unit at 715 Sherman Street*

SUMMARY

Hold a public hearing to discuss and consider a request by Javier Silva of JMS Custom Homes, LLC on behalf of Ruben Fragoso of RSR Capital, LLC for the approval of a Specific Use Permit (SUP) for a *Guest Quarters/Secondary Living Unit* on a 0.22-acre parcel of land identified as Lot C, Block 112, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) and Single-Family 7 (SF-7) District, situated within the Southside Residential Neighborhood Overlay (SRO) District, addressed as 715 Sherman Street, and take any action necessary.

BACKGROUND

According to the City's annexation ordinances and the 1934 Sanborn Maps, the subject property was platted as part of the B.F. Boydston Addition prior to 1959, but after 1934. Per the City's historic zoning maps, the subject property was originally zoned Commercial (C) District as of January 3, 1972. Between this date and December 7, 1993, the subject property was rezoned from a Commercial (C) District to a Single-Family 7 (SF-7) District. The subject property has been situated within the Southside Residential Neighborhood Overlay (SRO) District since its inception on June 3, 1996 by *Ordinance No. 96-12*. On November 6, 2023, City Council approved a Specific Use Permit [*i.e. Case No. Z2023-046, Ordinance No. 23-61, S-318*] for *Residential Infill in an Established Subdivision* for the purpose of constructing a single-family home on the subject property. The subject property is currently vacant.

PURPOSE

The applicant -- *Javier Silva of JMS Custom Homes, LLC* -- is requesting approval of a Specific Use Permit (SUP) for the purpose of constructing a 591.50 SF *Guest Quarters/Secondary Living Unit* on the subject property.

ADJACENT LAND USES AND ACCESS

The subject property is located at 715 Sherman Street. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property are seven (7) single-family residential lots (*i.e. 614, 703, 705, 707, 709, 711 & 713 Sherman Street*) that are zoned Single-Family 7 (SF-7) District. Beyond this is E. Boydston Avenue, which is classified as a *Minor Collector* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

South: Directly south of the subject property is a 1.1209-acre parcel of land (*i.e. Lot G, Block 112, B.F. Boydston Addition*) that is vacant and owned by Rockwall Habitat for Humanity. Beyond that is S. Clark Street, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

East: Directly east of the subject property is a 7.00-acre tract of land owned by the Dallas-Garland & Northeastern Railroad. Beyond that is S. Clark Street, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

West: Directly west of the subject property is a 1.1209-acre parcel of land (i.e. Lot G, Block 112, B.F. Boydston Addition) that is vacant and owned by Rockwall Habitat for Humanity. Beyond this is a vacant 0.11-acre parcel of land (i.e. Lot 2, Block 1, Lamar Street Habitat No. 1 Addition) also owned by Rockwall Habitat for Humanity. West of this is a 0.459-acre parcel of land (i.e. Lot 2, Block G, Sanger Addition) owned by the St. Paul African Methodist.

CHARACTERISTICS OF THE PROJECT

The applicant is proposing to construct a new accessory building that will match the proposed single-family home. The proposed structure will be approximately 591.50 SF or 19-feet, ½-inch by 30-feet, 4-inches. The building will be clad in *Hardie Board* and have composite shingle roof. The proposed accessory structure will be situated on a concrete foundation and will have an overall height of approximately 15-feet, ¾-inches. The applicant has indicated that the structure will have a bathroom, which makes this a *Guest Quarters/Secondary Living Unit*. The applicant has also indicated that electricity will be ran to the structure. If the applicant's request is approved then there will be a total of one (1) accessory structure permitted on the subject property.

CONFORMANCE TO THE HISTORIC DISTRICT GUIDELINES & CITY'S CODES

According to Article 13, *Definitions*, of the Unified Development Code (UDC) a *Guest Quarters/Secondary Living Unit* is defined as "(a)n accessory building designed for the temporary occupancy of guests of the primary dwelling for which there is no remuneration and is not rented or otherwise used as separate domicile." According to the *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the Unified Development Code (UDC) a *Guest Quarters/Secondary Living Unit/Accessory Dwelling Unit* requires a Specific Use Permit (SUP) in a Single-Family 7 (SF-7) District and -- according to Subsection 02.03 -- is subject to the following *Conditional Land Use Standards*: [1] the structure must be ancillary to a single-family home, [2] the square footage of the structure shall not exceed 30.00% of the square footage of the primary structure, and [3] the structure may not be sold or conveyed separately from the single-family home without meeting the zoning requirements for the district. In this case, the applicant is permitted *by-right* an 813.60 SF *Guest Quarters/Secondary Living Unit* (i.e. 2,712 SF x 30.00% = 813.60 SF). With that being said, the applicant is only requesting a 591.5 SF *Guest Quarters/Secondary Living Unit*, which represents 21.81% of the primary structure. This is approximately 8.19% less than what is allowed *by-right*. In addition to the *Conditional Land Use Standards*, a *Guest Quarters/Secondary Living Unit/Accessory Dwelling Unit* is subject to the dimensional requirements contained in Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, and the parking requirements of Article 06, *Parking and Loading*, of the Unified Development Code (UDC).

According to Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), the Single-Family 7 (SF-7) District allows a total of two (2) accessory buildings each being 144 SF in size. If a property has an existing accessory building greater than 144 SF, no additional accessory buildings are permitted. In this case, there are no existing accessory buildings and the proposed accessory building will be 591.5 SF. In addition, this section of the code goes on to state that accessory structures shall not exceed fifteen (15) feet in height. In this case, the proposed total overall height of the *Guest Quarters/Secondary Living Unit* is 15-feet, ¾ -inches, but will be less than 15-feet as measured to the mid-point of the roof. Based on this -- and the proposed site plan and the building elevations --, the proposed building meets all of the requirements for a *Guest Quarters/Secondary Living Unit* as stipulated by Article 05, *District Development Standards*, of the Unified Development Code (UDC).

If the applicant's Specific Use Permit (SUP) is approved, staff has included operational conditions in the Specific Use Permit (SUP) ordinance that tie down the size, height, and general architecture of the proposed structure. With this being said, the approval of a Specific Use Permit (SUP) request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On February 23, 2024, staff mailed 67 property owner notifications to property owners and occupants within 500-feet of the subject property. There were no Homeowner's Associations (HOAs) or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received one (1) notice back in favor of the applicant's request.

CONDITIONS OF APPROVAL

If City Council chooses to approve of the applicant's request for a Specific Use Permit (SUP) to construct a *Guest Quarters/Secondary Living Unit* on the subject property, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (a) The development of the *Subject Property* shall generally conform to the Concept Plan as depicted in *Exhibit 'B'* of the Specific Use Permit (SUP) ordinance.
 - (b) The construction of the *Guest Quarters/Secondary Living Unit* on the Subject Property shall generally conform to the Building Elevations depicted in *Exhibit 'C'* of the Specific Use Permit (SUP) ordinance.
 - (c) The *Guest Quarters/Secondary Living Unit* shall not exceed a maximum size of 600 SF.
 - (d) The maximum height of the *Guest Quarters/Secondary Living Unit* shall not exceed a total height of 16-feet as measured to highest point of the pitched roof.
 - (e) The *Guest Quarters/Secondary Living Unit* shall not be sold or conveyed separately from the single-family home without meeting the requirements of the zoning district and subdivision ordinance.
- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) request shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On February 13, 2024, the Planning and Zoning Commission approved a motion to recommend approval of the Specific Use Permit (SUP) by a vote of 5-0, with Commissioners Thompson and Hustings absent.

SUBJECT: Z2024-003; *PD Development Plan and Amendment to Planned Development District 74 (PD-74)*

On February 13, 2024, the Planning and Zoning Commission announced a postponement of *Case No. Z2024-003* to the March 12, 2024 Planning and Zoning Commission meeting (see attached applicant's letter). This action came at the request of the applicant -- *Michael Twichell* --, to allow for more time to meet with the Breezy Hill Homeowner's Association (HOA) to discuss the project and get feedback from the neighborhood. According to Subsection 02.03, *Procedures for Zoning Applications*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC), "(a) public hearing that was noticed in the manner prescribed by Subsection 02.03(A) [Article 11; UDC] may be postponed by announcing the postponement at the time and place of the noticed public hearing. The postponement of a public hearing shall be to a specific time and date no later than 30-days from the first or most recent public hearing. A postponed public hearing shall be presumed to be held in the same location as the initial public hearing, unless a different location is announced. The announcement of a postponement at a public hearing shall be sufficient notice and no additional notice is required." This means the City Council will need to announce the new public hearing date of March 18, 2024 and no further action or motions are required. Should the City Council have any questions staff and the applicant will be available at the February 20, 2024 City Council meeting.

PLANNING AND ZONING DEPARTMENT

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Mayor and City Council
DATE: February 20, 2024
APPLICANT: Zach Butler
CASE NUMBER: Z2024-004; *Specific Use Permit (SUP) for a Detached Garage and Carport at 9 Crestview Lane*

SUMMARY

Hold a public hearing to discuss and consider a request by Zach Butler for the approval of a Specific Use Permit (SUP) for an *Accessory Building and Carport* on a one (1) acre parcel of land identified as Lot 9 of the Northcrest Estates #2 Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 16 (SF-16) District, addressed as 9 Crestview Circle, and take any action necessary.

BACKGROUND

On April 10, 1978, the Commissioners Court approved a final plat that establish the subject property as Lot 9 of the Northcrest Estates #2 Addition. According to the Rockwall Central Appraisal District (RCAD) the 2,758 SF single-family home was constructed in 1987. The subject property was annexed into the City of Rockwall on May 17, 2004 by *Ordinance No. 04-35 [Case No. A2004-002]*. On September 7, 2004, the City Council approved to rezone the subject property from Agricultural (AG) District to Single-Family 16 (SF-16) District [*Ordinance No. 04-49; Case No. Z2004-026*].

Staff should note that since the applicant's purchase of the property on August 12, 2014 they have complete several improvements (*i.e. new additions, new/additional paving, and a detached garage*) to the property that were not permitted. The timeline has been included in the attached packet and outlines all of the unpermitted improvements. Based on the provided timeline a new concrete drive, parking pad, a sidewalk was constructed within six (6) months of the applicant purchasing the property (*i.e. aerial taken December 1, 2015*). Following this, the aerial taken January 27, 2017 shows that the applicant expanded their driveway, poured a pad for an expansion of the existing single-family home, and began constructing a detached garage. Based on the September 7, 2019 aerial the applicant had added a covered patio and a sidewalk connecting it to the driveway. Following this, the aerial taken September 29, 2023 depicts the detached garage addition, a driveway expansion, a home addition, and a patio cover. On October 21, 2023 a contractor applied for an electrical permit (*Permit No. RES2023-5225*). This permit led to staff discovering the unpermitted improvements, which subsequently required staff to issue a *Stop Work Order* on December 6, 2023. This led the applicant to apply for a residential building permit (*Permit No. RES2023-6181*). Following this, staff did a compliance check on December 15, 2023 and discovered that work had continued on the property after the *Stop Work Order* had been issue. In addition, an electrical contractor was on-site performing work during the compliance check. As of January 16, 2024, the work appeared to be complete despite the *Stop Work Order*, and there appears to still be equipment on-site.

PURPOSE

The applicant -- *Zach Butler* -- is requesting the approval of a Specific Use Permit (SUP) to allow the unpermitted detached garage to remain, and to allow the construction of a carport that exceeds the maximum allowable square footage as stipulated by Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC).

ADJACENT LAND USES AND ACCESS

The subject property is addressed as 9 Crestview Circle. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is a 12.125-acre tract of land (*i.e. Tract 1-02 of the J. E. Sherwood Survey, Abstract No. 193*) developed with an agricultural accessory building. Adjacent to this is a 1.665-acre tract of land (*i.e. Tract 1-01 of the J. E. Sherwood Survey, Abstract No. 193*) developed with a single-family home. Both properties are zoned Agricultural (AG) District. Following this is North Country Lane, which is identified as a M4U (*i.e. major collector, four [4] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the City of Rockwall's corporate boundary.

South: Directly south of the subject property is Crestview Circle, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is a 0.95-acre parcel of land (*i.e. Lot 6 of the Northcrest Estates #2 Addition*) developed with a single-family home and zoned Single-Family 16 (SF-16) District. Following this are two (2) vacant tracts of land (*i.e. Tract 5 & 5-3 of the J. E. Sherwood Survey, Abstract No. 193*) zoned Single-Family Estate 4.0 (SFE-4.0) District.

East: Directly east of the subject property are four (4) parcels of land (*i.e. Lots 10-12 of the Northcrest Estates #2 Addition, and Lot 15 of the Ensley Addition*) developed with single-family homes, and zoned Single-Family 16 (SF-16) District. Beyond this is N. Stodghill Road which is identified as a TXDOT4D (*i.e. TXDOT, four [4] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the City of Rockwall corporate boundary.

West: Directly west of the subject property is a one (1) acre parcel of land (*i.e. Lot 8 of the Northcrest Estates #2 Addition*) developed with a single-family home that is zoned Single-Family 16 (SF-16) District. Beyond this is a 101.43-acre tract of land (*i.e. Tract 4 of the J. M. Gass Survey, Abstract No. 88*) zoned Agricultural (AG) District.

CHARACTERISTICS OF THE REQUEST

The applicant is requesting the approval of a Specific Use Permit (SUP) to allow [1] an unpermitted detached garage to remain, and [2] allow the construction of a carport. Based on the floor plan, the proposed detached garage is 2,378 SF, where 865 SF is existing -- *but unpermitted* -- and 1,513 SF is new. In addition, the site plan shows the proposed carport will be ~580 SF. This exceeds the maximum permissible size of 500 SF by ~80 SF. The building elevations provided by the applicant indicate a 2½:12 roof pitch, which is less than the required 3:12 roof pitch. Based on the provided survey and building plans the improvements are located within the side yard of the subject property and behind the front façade of the single-family home.

CONFORMANCE WITH THE CITY'S CODES

According to Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), the Single-Family 16 (SF-16) District allows one (1) detached garage with a maximum square footage of 625 SF. In this case, the unpermitted detached garage is 2,378 SF. This makes the detached garage 1,753 SF or 3.80 times bigger than permitted by right. Staff should note, based on the Rockwall Central Appraisal District (RCAD), the single-family home is 3,736 SF. This makes the detached garage 63.70% the size of the existing single-family home. With that being said, unpermitted additions have been made on the single-family home making it difficult for staff to determine the actual size of the home. Staff should also note that the Unified Development Code (UDC) defines the proposed unpermitted detached garage as *not* being attached to the primary structure as breezeways are *not* considered architecturally integrated design elements; however, should the carport be approved this may change how this structure is viewed. Since the carport has not been approved, staff is bringing both structures forward for a Specific Use Permit (SUP) to avoid having to run subsequent cases should the carport not be approved or not be viewed as being architecturally integrated.

According to Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), the Single-Family 16 (SF-16) District allows one (1) carport with a maximum square footage of 500 SF. In this case, the proposed carport is ~580 SF. In addition, the UDC states that carports must be open on at least two (2) sides, architecturally integrated into the primary structure, and be located 20-feet behind the front façade of the primary structure. In this case, the proposed carport is open on two (2) sides, and is located more than 20-feet behind the front façade of the single-family home. In addition, due to the unpermitted improvements to the existing single-family home and the

unpermitted detached garage, staff cannot determine if the proposed carport would be architecturally integrated based on the current proposed plans.

STAFF ANALYSIS

In this case, the applicant's request for [1] an unpermitted detached garage does not meet any of the technical requirements for a detached garage in a Single-Family 16 (SF-16) District -- *with exception of the maximum permissible height (i.e. 15-feet measured at the midpoint of the pitched roof) and location behind the front façade of the primary structure --*, and [2] the proposed carport exceeds the maximum permissible size and does not appear to be architecturally integrated into the primary structure. For the purpose of comparing the proposed improvements with other accessory structures in the area, staff reviewed aerials and street view images to locate similar structures. Through this analysis, staff was able to identify all but one (1) of the adjacent properties on Crestview Circle (i.e. 12 of the 13 properties) had accessory structures, and one (1) other property had a carport specifically for a recreational vehicle. This analysis is included within the packet for the City Council and Planning and Zoning Commission to review. It can be seen that the majority of the accessory structures are detached garages, with an overall average size of 831 SF and the maximum size being 2,000 SF. In this case, the applicants unpermitted detached garage is 1,547 SF larger than the average (i.e. 2.86 times larger than the average) and 378 SF larger than the largest existing accessory building. Staff should note that these calculations are based off only the existing detached garage and does not include the proposed carport. Staff should also note, that every other property along Crestview has been issued permits for home improvements besides 8 Crestview Circle and the subject property since the time of annexation. Based on this, the proposed improvements appear to be inconsistent with the adjacent properties. If approved by the City Council -- *pending a recommendation from the Planning and Zoning Commission --* this could set a precedence in the area; however, the approval of a Specific Use Permit (SUP) request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

Staff should note, if the applicants request is approved, they will be required to meet the *Operational Conditions* outlined within the *Draft Ordinance*. One (1) of these *Operational Conditions* is that "(a)ll of the unpermitted improvements on the subject property must be either permitted or removed within three (3) months (i.e. 90-days) after the approval of this Specific Use Permit (SUP) (i.e. the applicant has until June 2, 2024)." Given this -- *if approved --* the applicant will need to apply for all applicable permits, complete all necessary inspections, and be issued the permits, within 90 days of approval.

NOTIFICATIONS

On January 25, 2024, staff mailed 17 notices to property owners and occupants within 500-feet of the subject property. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had three (3) notices in favor of the request.

CONDITIONS OF APPROVAL

If City Council chooses to approve of the applicant's request for a Specific Use Permit (SUP), then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (a) The development of the Subject Property shall generally conform to the Site Plan as depicted in Exhibit 'B' of this ordinance.
 - (b) The construction of a *Detached Garage* and *Carport* on the *Subject Property* shall generally conform to the Building Elevations and Building Plans depicted in *Exhibit 'C'* of this ordinance.
 - (c) The *Carport* shall not exceed a maximum building footprint or size of 600 SF.
 - (d) The maximum height of the *Detached Garage* shall not exceed a maximum of 15-feet as measured from the mid-point of the pitched roof.

- (e) The *Detached Garage* shall not be sold or conveyed separately from the single-family home without meeting the requirements of the zoning district and subdivision ordinance.
 - (f) All of the unpermitted improvements on the subject property must be either permitted or removed within three (3) months (*i.e. 90-days*) after the approval of this Specific Use Permit (SUP) (*i.e. the applicant has until June 2, 2024*).
- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On February 13, 2024, the Planning and Zoning Commission approved a motion to recommend approval of the Specific Use Permit (SUP) by a vote of 4-1, with Commissioner Womble dissenting and Commissioners Thompson and Hustings absent.

I saw a zoning sign on the property.

I read about the request in the Rockwall Herald Banner.

My neighbors told me about the request.

Good afternoon,

I am in favor of the request of allowing Zach Butler to add an Accessory Building and Carport to their home at [REDACTED], [Rockwall, TX 75087](#)

We live next door in one of the homes that would be the most affected by this addition. Zach's property is always well maintained and looks great. Their addition will surely add value to our neighborhood.

Thank you.

Sincerely,
Brian Pritchard

Letter of Explanation:

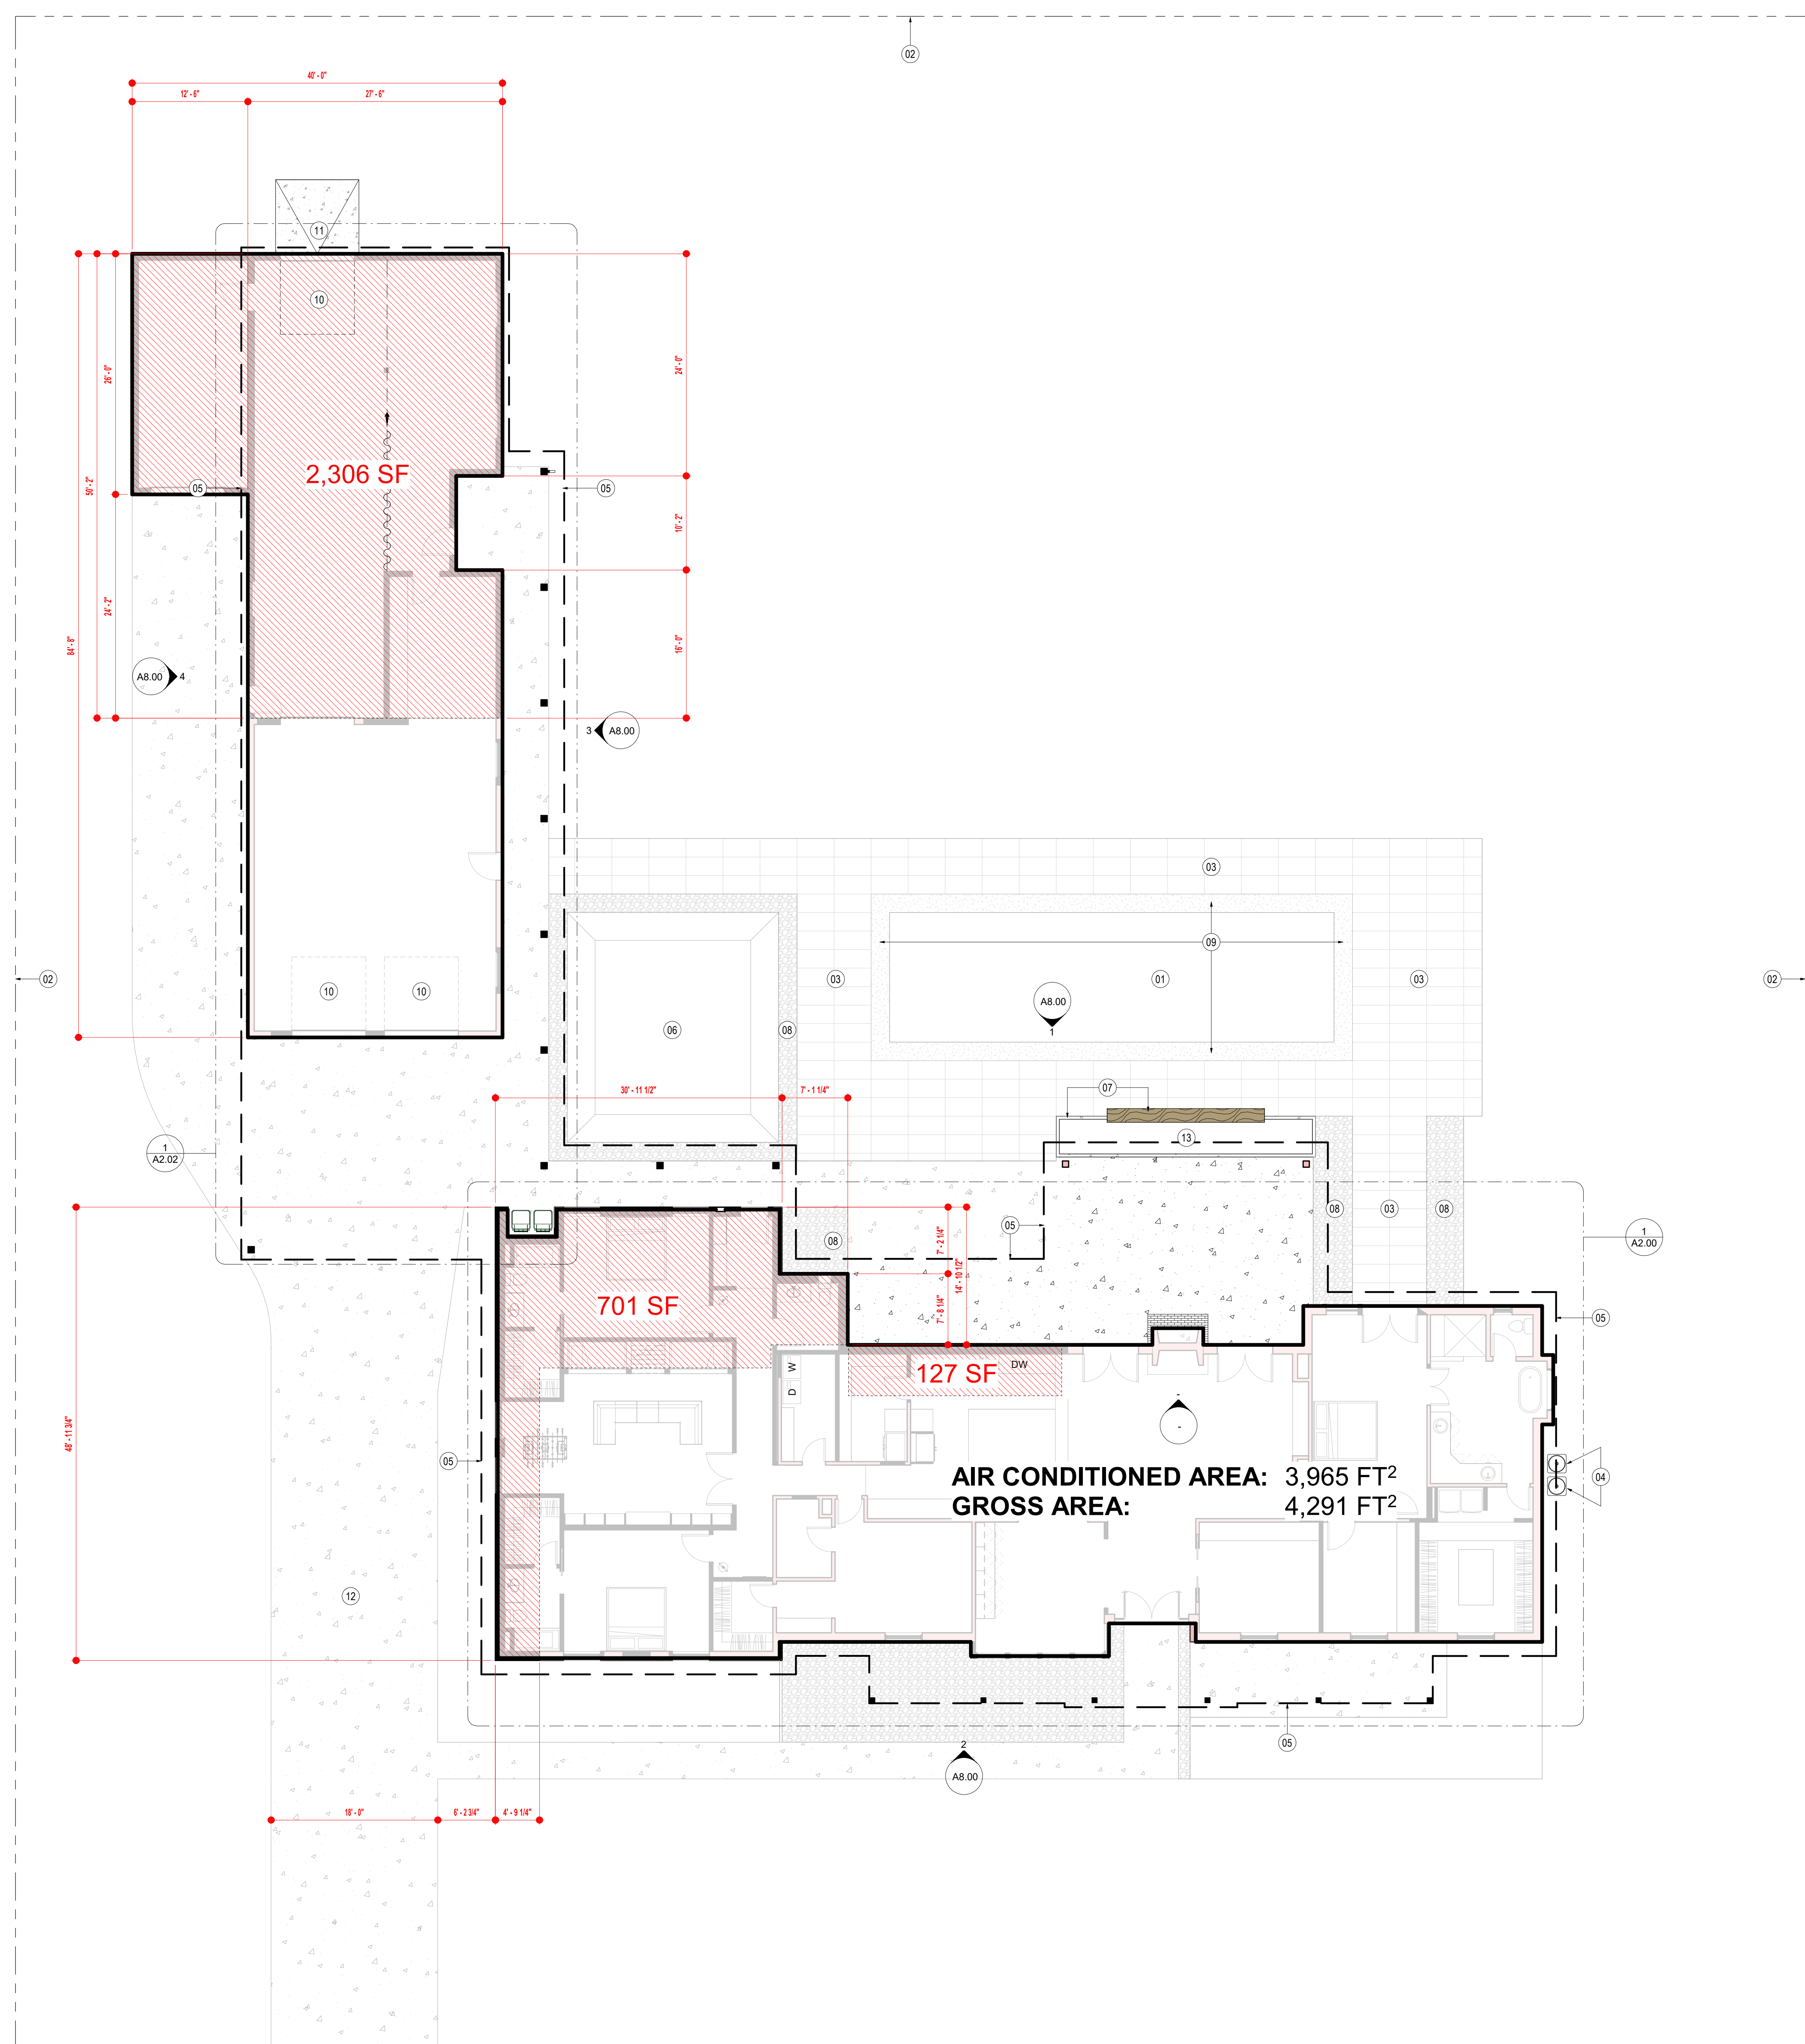

Zach Butler
9 Crestview Cir
Rockwall, TX 75087

The purpose of our request for a special use permit is for an expansion of our current garage/shop. We are adding on an indoor batting cage and sports gym for our three young boys. Part of the project also includes adding on some additional storage and more covered parking for future use as my kids get older. This batting cage and gym will be for private use for my kids, friends, and family and will not be used for business or income purposes. The need for this is to provide a facility for year round training for my kids indoors and outside of the elements. There are some private facilities around town but nothing open to the public and access to the private is growing increasingly difficult, costs money with each use and is usually a scheduling headache.

Thank you for your consideration,
