There being no one further to address the Council, the public hearing was closed.

Councilmember Raulston made a motion to deny the request and Councilmember Straughan seconded the motion stating that he wants to see it brought up to Code. Rick Crowley asked the Council if they wanted to make this a denial without prejudice so that the applicant could bring this back to the Council. Otherwise it would be a year before they could come back. Crowley stated we needed to start issuing the code violations. Councilmembers Raulston amended his motion to deny without prejudice stating that they could come back in 90 days, but they are not in compliance at that time, then enforcement will start taking place. Robert LaCroix, Director of Planning, discussed the background of this request. Misty Ventura of Hughes & Luce (attorneys for the owner of the property) came forward to request approval of the preliminary plat.
